BAS (Bad Air Solution)
Total Odor Control Product Line Overview

https://brand.naver.com/bas

BAS PET / Solid type / 450g / Forest wind scent 2026 year NEW !

Why is ammonia a problem?

Pets' noses are over **40 times more sensitive** than humans'.

Even a faint smell of ammonia can feel like pain, and long-term exposure may lead to **olfactory fatigue, loss of appetite, and lethargy.**

A genuine odor elimination solution that safely breaks down the source of smells without irritating pets' respiratory systems or senses.
