Basa TV
Where will all the freshly crafted bisque pottery go next?

LIVE
Basa TV
Wow! Here they go into the blazing hot kiln!~
They really look so beautiful!

Point02

Eliminate Odors Before Adding Fragrance

Candles and diffusers are products that fill the air with fragrance. However, in spaces with unpleasant odors, reducing the source of the smell should be the first step.

Bas Overglaze uses an odor remover to eliminate unpleasant smells and naturally spread a **subtle, soothing scent** throughout **the space.** Fill your room with a comfortable, non-irritating atmosphere, rather than an overpowering, stuffy scent.

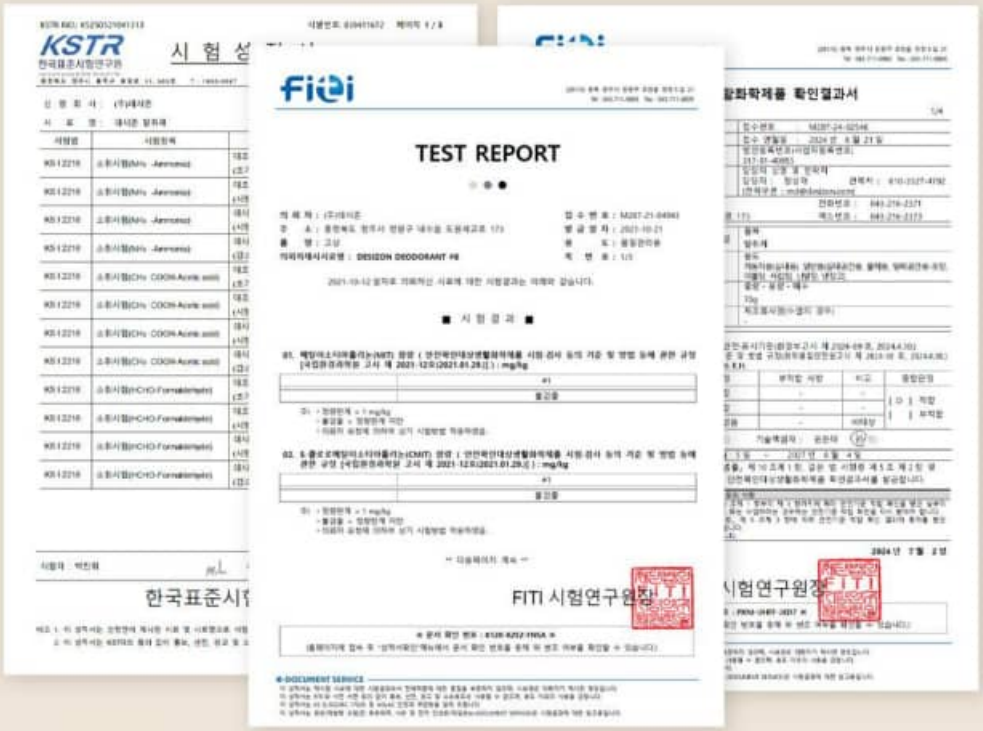

Manufactured by: KSTR
Product No: KS241205032683
Factory Registration No.: 589710522
Validation Period End Date: 2025.05.28
Report Number: QB21-13-1473

Basaman's Strong **Odor Eliminator**

Removing odor molecules is a given. Unlike traditional diffusers or air fresheners focused on covering up smell, this is a powerful odor eliminator with a subtle and pleasant fragrance.

HEALING BLOSSOM
Therapeutic Healing Blossom Scent

Basa Objet is an aromatherapy functional fragrance created based on principles of aromatherapy.

With healing aromas like jasmine, sandalwood, and more, it delivers a soft and comforting scent, adding a layer of calm and serene ambience to your daily life.

Let your day gently unfold in any space that feels natural, and experience a moment of serene relaxation.

Point04

Easy Removable Overglaze Remover Point

Simply push the overglaze removal point at the bottom of ceramic plates with a spoon handle, and it will pop off naturally.

How to use

How do you use it?

Recommended for 4-5 pyong of space.

Recommended Area: 4-5 pyong (13.2~16.5 m²)
Duration: Approx. 3 months (Depends on Environment)

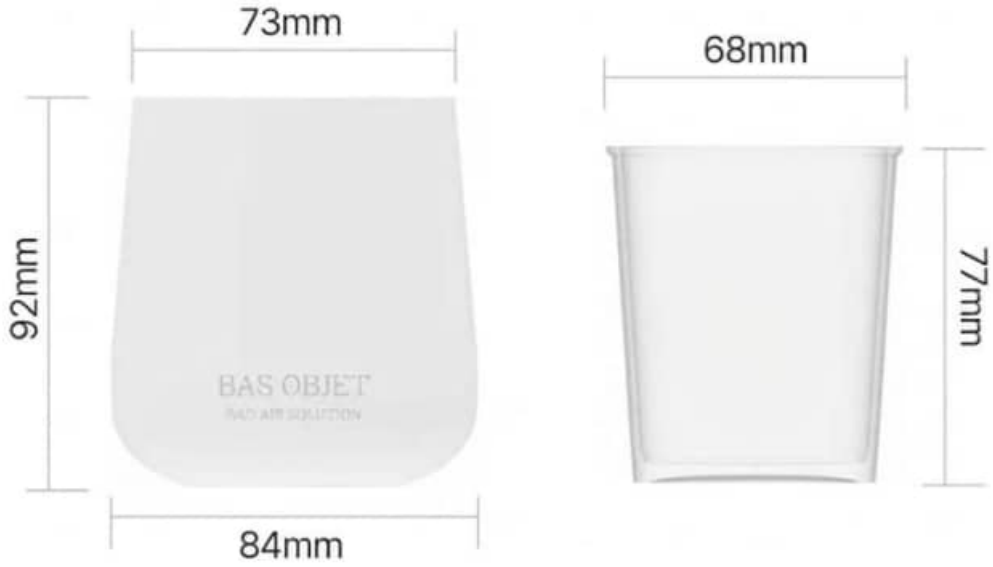

Steps for Use

1. Remove the product's sealing.
2. Place it in the space where you want odor removal.
3. When 70-80% is reduced, please replace with a refill.

SIZE INFO

Size Guide

Porcelain

Refill

*Sizes may vary depending on manufacturing. (Within ±1cm)

CAUTION

Overglaze Plate Notice

- Due to the nature of the plate, hole sizes and shapes may not be uniform and can vary in shape.
- Due to shrinkage from firing, the overglaze may not be easy to peel off. Press the holes down firmly or use a long spatula to remove the overglaze easily.
- Due to the nature of the plate, chips, scratches, pattern variations, and specks may easily occur. Please consider this before purchasing.
- Due to the nature of the plate, the overglaze may seep under and leave white stains on the brown base of the plate.
