Applicable Standards	None
Performance Specifications	None
Accessories	None
Warranties	None
Instructions to Suppliers	No short expiry date delivery
Item Name 2.50	**SPARE INFANT PADS FOR PHILLIPS** HeartStart AED (Automatic External Defibrillator) (Phillips machines already procured and in emergency rooms in CoT clinics. Accessories must be Phillips to fit current available AED machine already on-site) 
Functional Specifications	Disposable multifunction electrodes for external defibrillation, synchronised cardioversion, cardiac stimulation, and ECG monitoring PAEDIATRIC
Applicable Standards	None
Performance Specifications	None
Accessories	None
Warranties	None
Instructions to Suppliers	No short expiry date delivery
Item Name 2.51	**LIFEPAK 1000 Lithium-Ion** rechargeable battery designed for the Physio-Control LIFEPAK 1000 Defibrillators. Accessories must be Lifepak to fit current available AED machine already on-site)
Functional Specifications	Disposable long-life lithium manganese-dioxide 200+ shock capacity
Applicable Standards	None
Performance Specifications	Rechargeable batteries designed for a "high use" environment requires unit and multiple batteries
Accessories	Requires battery charger
Warranties	None
Instructions to Suppliers	None

Item Name 3.52	**SPARE ADULT PADS Physio-Control LIFEPAK 1000** (Automatic External Defibrillator) already procured and in emergency rooms in CoT clinics. Accessories must be

	Physio-Control LIFEPAK 1000 to fit current available AED machine already on-site)
Functional Specifications	Disposable multifunction electrodes for external defibrillation, synchronised cardioversion, cardiac stimulation, and ECG monitoring. ADULT
Applicable Standards	None
Performance Specifications	None
Accessories	None
Warranties	None
Instructions to Suppliers	No short expiry date delivery

Item Name 3.53	**SPARE INFANT PADS Physio-Control LIFEPAK 1000** (Automatic External Defibrillator) (Lifepack machines already procured and in emergency rooms in CoT clinics. Accessories must be Physio-Control LIFEPAK 1000 to fit current available AED machine already on-site) 
Functional Specifications	Disposable multifunction electrodes for external defibrillation, synchronised cardioversion, cardiac stimulation, and ECG monitoring PAEDIATRIC
Applicable Standards	None
Performance Specifications	None
Accessories	None
Warranties	None
Instructions to Suppliers	No short expiry date delivery
Item Name 3.54	**Masmed MAS203G ECG Digital machine electrodes**
Functional Specifications	Adult: Healthease pregelled sensor Child: INTCO pregelled sensor
Applicable Standards	None
Performance Specifications	None
Accessories	None
Warranties	None
Instructions to Suppliers	No short expiry date delivery
